

# TRIO ACCESSORIES

Amphenol Antenna Solutions provides optional accessories for the TRIO antennas product range to help simplify installation.

|   |  |
|---|--|
|    | <p><b>Flag Adapter Kit</b><br/>Custom ball and truck assembly kit designed to simplify deployment of TRIO antennas as flag poles. Each kit includes a 305mm diameter anodized aluminum gold ball and a welded aluminum truck assembly.</p>         |
|   | <p><b>Lightning Protection Kit</b><br/>18-inch (460 mm) copper air finial with a 20 ft (6 m) section of #4 AWG braided copper cable pre-attached. The kit provides all necessary hardware for installation on top of the TRIO antenna.</p>         |
|  | <p><b>Mounting Mast</b><br/>Interface flange welded to a 10 ft (3 m) steel mast pipe. The mast can be used with standard wall or pipe mounting kits to provide an inexpensive TRIO mounting system. Custom lengths are available upon request.</p> |
|  | <p><b>TRIO Extension</b><br/>Same construction, diameter and appearance as TRIO antenna to house MHAs and simplify cable installation and weatherproofing.</p>   |

## TRIO Accessories Model Numbers
